[FULL NAME]

SENIOR CREATIVE DEVELOPER & DIGITAL DESIGNER

[City, State] • [Phone] • [Email] • [LinkedIn / Portfolio]

PROFESSIONAL PROFILE

Multidisciplinary creative developer and digital designer with approximately 10 years supporting Sam's Club retail media through Triad Retail Media and Sam's Club / Walmart Inc. Combines front-end and UI development, HTML5 animation, senior digital design, technical QA, and advertising production. Experienced in translating supplier brand standards into creative that meets Sam's Club specifications, collaborating with Marketing, Creative, Product Design, and AdOps teams.

PROFESSIONAL EXPERIENCE

SAM'S CLUB / WALMART INC. | 2020–[END YEAR]

Senior-level front-end development, HTML5 animation leadership & digital design

- Owned onsite and offsite HTML5 banner animation production: designed, coded, animated, troubleshot, and approved digital advertising assets.
- Reviewed and troubleshot animated ads produced by teammates, providing technical quality assurance and approval against creative and platform specifications.
- Served as a senior static designer for Marketing, producing campaign assets, custom client creative, reusable templates, and internal style guides using Adobe Creative Cloud.
- Reconciled supplier brand guidelines with Sam's Club design rules and technical specifications while preserving each advertiser's identity.
- Created and maintained training materials for HTML5 banner creation, troubleshooting, and publishing workflows, including Google Ad Manager (onsite) and Solimar (offsite).
- Only design-team member trained and authorized by AdOps to publish offsite animated ads through Solimar; assisted with publishing when needed (onsite publishing remained with AdOps).
- Supported campaigns for brands including Coca-Cola, PepsiCo, Procter & Gamble, Johnson & Johnson, and General Mills; contributed to campaigns reporting improved click-through rates.

TRIAD RETAIL MEDIA | 2015–2020

Front-End Developer & HTML5 Banner Animator • Dedicated to Sam's Club

- Built front-end UI for supplier brand pages and product showcases, translating designers' graphics into responsive, functional experiences.
- Helped develop interactive product-discovery experiences including a Serta Mattress Selector, Tire Finder, and Sam's Club recipe tool.
- Used HTML5, CSS, JavaScript, GSAP, ScrollMagic, and other libraries/frameworks to implement interactive content and scroll-driven animation.
- Created HTML5 animated promotional banners supporting supplier campaigns and digital merchandising.
